

DARKO NOVEX

FROM VISION TO REALITY, FASTER

WE BUILD THE INFRASTRUCTURE THAT OUTLASTS THE TREND.

A high-precision software studio crafting digital instruments for the modern age. We do not just build apps — we engineer kinetic systems that scale with architectural integrity.

D DEFINE.
A ACT.
R REACH.
K KEEP.
O OUTPERFORM.

OUR SERVICES

End-to-end digital solutions engineered for performance and longevity.

WEB DEVELOPMENT

Custom, high-performance web platforms built for scale, speed, and seamless user experience.

SYSTEMS DEVELOPMENT

Robust backend architectures and enterprise-grade systems engineered to power complex operations.

DECENTRALIZED SOLUTIONS

Blockchain-based platforms and smart contract systems for transparent, trustless digital ecosystems.

CLOUD SOLUTIONS

Cloud infrastructure design, migration, and management optimized for reliability and cost efficiency.

DATA ENGINEERING

Data pipelines, warehouses, and analytics platforms that turn raw data into strategic intelligence.

AI & MACHINE LEARNING

Intelligent systems and predictive models that automate decisions and unlock new capabilities.

ERP / CRM SYSTEMS

Tailored enterprise resource and customer relationship platforms that streamline operations end-to-end.

MOBILE APP DEVELOPMENT

Native and cross-platform mobile applications built for performance across iOS and Android.

DIGITAL MARKETING

Data-driven marketing strategies, SEO, and campaigns that drive measurable growth and reach.

BRANDING & DESIGN

Strategic brand identity and visual design systems that communicate authority and distinction.

FEATURED PROJECTS

A selection of systems we've engineered and delivered.

E-COMMERCE

Alpha PetCare

PET SUPPLIES E-COMMERCE

An online pet shop for food, medicine, and toys with a smooth browsing and checkout experience for everyday pet care needs. Designed for Sri Lankan pet owners with local logistics integration.

alphapetcare.lk

ERP SYSTEM

Apparel ERP

ENTERPRISE RESOURCE PLANNING

Unified production and workforce workflows for apparel operations, including records, attendance, process tracking, and performance visibility across factory floors.

3D TECH

Shrinkmodel

3D COMPRESSION & INTERACTIVE VIEWER

A 3D model compressor and viewer with controllable mesh and texture optimization, plus both orbit view and first-person navigation modes for immersive 3D exploration.

PLATFORM

Ancestra

SRI LANKAN CULTURAL EVENTS DISCOVERY & BOOKING

Discover traditional Sri Lankan festivals and heritage events, find nearby travel destinations, and book tickets to join authentic local cultural experiences.

LET'S BUILD SOMETHING EXTRAORDINARY.

Start your project with a team that engineers for the long run.
